The Liberty Tower

Just over a week ago, the Galleria community in Thornhill welcomed an elegant newcomer into its fold. Comprised of 115 condominium suites and 15 condominium townhomes, The Liberty Tower is ideal for those looking to strike a balance between the convenience of the city and the serenity of the country.

Situated just 30 minutes from downtown Toronto and the airport, the Galleria neighbourhood is among Markham and Thornhill's best locations. In recent years, this area has evolved into a thoroughly modern residential community, served by innumerable urban amenities. Shopping, restaurants and schools

are all close by, as is the area's high-tech business centre.

And yet, the neighbourhood's rural roots have not been forgotten. Acres of lush parkland have been set aside for the enjoyment of residents; and a short drive north will find you surrounded by picturesque countryside.

With exceptionally easy access to Hwys. 404, 407, 7 and Bayview Avenue, residents of the The Liberty Tower can quickly travel to destinations across the GTA and beyond.

The tower is striking in appearance, with a combination of red brick, stucco and expansive windows. The transparency of the windows is echoed

by that of the balcony railings, and by the clear awning that floats above the front entrance. It's a pleasing combination of the traditional and the modern, and very much in keeping with what this new community is all about.

Within the front doors, one enters the building's exquisitely designed two-storey lobby. Here you and your guests are greeted by the warmth of a fireplace, and by the live-in concierge.

Residents will love working out in the equipped modern exercise room — and, afterwards, unwinding in the cedar sauna or whirlpool. Entertaining will be a breeze, with the multi-purpose party room, complete with kitchenette and wet bar, ideal for

As seen in The Condo Guide!
