

Brian and Joyce K. are happy purchasers at Liberty Development's Thornhill City Centre

Centre Park Condos

When Brian and Joyce K decided to sell their home in Thornhill and buy a condominium, they didn't have far to look. They'd had an eye on Liberty Development's Thornhill City Centre for some time and they were extremely impressed with what they saw.

"We thought it was upscale," comments Brian. "We like the look of the buildings that went up. We like the look of the finishes. We've been through all of the models and we were impressed with the quality of the goods inside."

Plus they were delighted to find a luxury condominium in an ideal location for them. "We were happy to be close to the Promenade shopping centre. We have seen the Promenade from its inception in the 80's — all of the shopping and the many new retail and convenient amenities. We have all of the stores and all of the conveniences we could ask for within walking distance. Everything is so close."

Location is certainly one of the most important factors in the buying decision at any condominium and Centre Park Condos at Thornhill City Centre is no exception. This luxury community is located off Bathurst Street, just north of Centre Street and is a mere kilometre away from the 407. Plus, the community is surrounded by shopping centres, parks, theatre, golf, and every conceivable amenity.

But perhaps the most intriguing feature at Centre Park Condos is the five-acre park at its heart. Centre Park's developer, Liberty Development, donated five acres at the centre of the 24-acre site which is called "Thornhill Green" and recently opened to the public. This truly fabulous urban park is the first of its kind in Thornhill, providing residents with such amenities as a colour-coordinated junior/senior playground, a one-acre woodlot and a large steel pagoda located next to street corners to help "activate" the street with a strong visual impact. At the centre of the park is an oval-shaped green intended for unstructured play and community events. A perimeter walkway surrounding the green connects various park features.

Centre Park Condos also offers wonderful indoor amenities for residents to enjoy. Club Liberty provides an indoor pool, state-of-the-art fitness facility, a billiards room, media room and fully-equipped party room. As well, two beautifully landscaped green roof terraces provide a more private outdoor space for its residents. It's as close to the sky as you can get!

As Brian K told us about the green roof — "We thought it was a great feature of the building and was a sign of a leading edge developer. To have the green roof and reduce pollution and have the green space to do whatever one would like — barbecue space, quiet space, walk around, be close to nature, bring nature close into the building — fantastic!"

The fourth and fifth buildings in the incredibly successful Thornhill City Centre community are approximately 60 per cent sold out. Competitively priced and offering exceptional finishes and amenities, this exquisite community provides an outstanding lifestyle at the heart of Thornhill. **CL**
