

Ten Top Reasons to be at Thornhill City Centre

GREEN.

- 1 Enjoy a new 5 acre urban **park** incorporating a lovely woodlot, children's play area and a great lawn, right at your doorstep.
- 2 Benefit from the largest **Green** roof terraces on residential high-rise in Thornhill with 9,000 sq.ft. of useable outdoor Green amenity areas.
- 3 Centre Park offers a number of energy efficiency opportunities including **Energy Star**® rated appliances (dishwasher, fridge and washer) to help you reduce energy use and enhance energy conservation.
- 4 "Low-E" coatings and tinted glazing on your windows help reduce heat from the sun's rays and help to contain your air conditioning usage.
- 5 **Individual suite metering** allows you the opportunity to monitor your electric energy use and make informed decisions to regulate your electricity consumption.
- 6 **Integrated "CO" detection** in the underground garage reduces the need for continuous fan energy usage in re-circulating the air system.
- 7 A **multi-stream waste disposal** and diversion system is intended to assist in achieving waste diversion and recycling.
- 8 **CFC light fixtures** in common areas and garage, including light fixtures which are equipped with electronic ballasts and T-8 lamps, are intended to assist in reducing electricity consumption.
- 9 Thornhill City Centre is a **short walk to VIVA**, shopping, dining, theater, so there is no need to get into the car if you don't have to, and for longer travel, you're a short drive to Highways 7, 400, 404 and 401.
- 10 With **4 Season Park Living** you will enjoy fabulous indoor and outdoor amenities. There is no need to drive to a gym or park to enjoy working out or to have an outdoor picnic.
